

## Cannon Hill Showroom Meeting

### Location:

**326 A street, Boston.** Side Entrance. This is in the **Seaport** neighborhood near the intersection of A street and Congress St. Behind the Blue Dragon (now out of business), and across from Oak and Rowan and Chimera Lighting.

### Entry:

Our entrance is in the **side alley**. The door code doesn't work.

Parking: **Please allow 10 minutes for parking and walking.**

There is a pay lot on A street.

Between 10 am-6pm, A street is meter parking and there are usually spots a few blocks down in front of the Channel Center building.

After 4 pm, spots start to open up on the Summer Street Bridge.

There are some meter spots on Melcher and Congress, but we usually have better luck on A and Summer.

Timing: Please arrive on time. we are coming to meet you from our workshop which is a 7 minute drive. If you arrive too early, we likely won't be there. Most meetings take 45 minutes to an hour.

Preparation: There is nothing you need to do to prepare besides think about your project and maybe spend 10-15 minutes looking online or at our website, [www.cannonhillwood.com](http://www.cannonhillwood.com) and Instagram for inspiration. If you have architectural plans, samples, or inspiration images you'd like to bring that's of course fine. We can also pull images up on the computer and view them on the larger monitor.

Children and friendly dogs are welcome.

We look forward to meeting you.
